Imposition of still another tax from which local business people can expect no return, will be up for a public hearing before the Nevada County Board of Supervisors Monday. This is the proposed business license tax for the unincorporated areas of the county. The money raised through the licensing will go into the general fund and none, from all indications, will be returned to the area where it is collected. If properly enforced, the tax would perhaps eliminate some door to door salesmen, but it is very doubtful that enforcement would be possible. However, collections from established businesses would be mandatory and penalties are provided for non-compliance. Sales tax, room tax and now a business license tax, all add up to another reason why incorporation is the only solution for local problems. We are pleased to report that the supervisor representing this area will oppose the new tax, but it nonetheless seems sure of passage.

Newspaper Week Is Hailed By Brown With Proclamation

Governor Edmund G. Brown has declared October 10-16 National Newspaper Week in California as "a tribute to one of the vital forces in our democratic way of life."

The governor said that "the free press is the heart and center of American life" and that newspapers provide "that most vital of all products—news, honestly and objectively reported."

Following is the text of the governor's statement: "This week we observe National Newspaper Week, a tribute to one of the vital forces in our democratic way of life.

"For the free press is the heart and center of American life, providing the basic information upon which an enlightened citizenry must make decisions about its government, schools, business and other institutions.

"California has been blessed with a truly great array of weekly and daily newspapers who served every community of this state in a communications network which is unsurpassed anywhere.

"This week let us remind ourselves that we, our government and the courts must guard our precious freedom of the press, a constitutional guarantee in the first article of the Bill of Rights. And let us remind ourselves of the function of that freedom in a free society.

"Toward that purpose, I declare October 10-16, National Newspaper Week in California, and I urge my fellow Californians to join in this salute to the men and women who provide us with that most vital of all products—news, honestly and objectively reported."

The following letter, directed to Ivan Tofft, chairman of the Tahoe Forest Hospital Board of Directors is self explanatory.

Dear Mr. Tofft:

As the result of an unfortunate minor accident which occurred in Squaw Valley, I was admitted as an emergency patient to the Tahoe Forest Hospital, at 3:00 p. m., Saturday, September 4, 1965.

I was incapable of driving my car to Truckee, thus requiring transportation to and from the Hospital. The ambulance driver who drove me from my temporary residence in Squaw Valley was extremely efficient, and is certainly to be commended for his most welcome assistance, courteous manner, and concern for comfort.

Upon arrival at the Hospital, I was treated with extreme efficiency by all personnel involved: Mr. D. J. Bristol, the administrator; Dr. W. Douglas Brodie, who attended me; Dr. Ben R. King; the X-ray technicians; the radiologist; the nurses and their aides. Their superior, thorough knowledge of the procedure to be followed in such an emergency is a credit to the administration. Every effort was made for my comfort and rapid treatment of the required medical care.

It was apparent to me that all persons concerned went far beyond that which I would normally expect required of a staff in affording me all necessary medical attention and great consideration about my com-

Club on October 30th, starting at 7:30 p. m. The method of selection will be by purchase of 25c ballots and the proceeds will go to the Tahoe Ski Club earmarked for expenses of their junior racers who will participate in the junior national ski competition this year.

Other features of the evening will be a fashion show of ski wear for men and women which will be coordinated by Vivian Davis and prizes of great interest to ski enthusiasts which will include many season passes and all day lift ski tickets.

Margaret Birmingham is in charge of arrangements for the dinner and celebration and she is being assisted by Vivian Davis and Sharon Dwyer.

fort and general peace of mind—including the arrangement of transportation back to Squaw Valley, which was of special concern to me. The latter, a seemingly insignificant problem in light of the emergency, was certainly an exceptional display of consideration.

I have nothing but highest praise for the administrator, the attending physicians, and the entire staff with whom I came in contact, and for the efficiency with which the hospital is apparently operated. My only impression of the Tahoe Forest Hospital is a very positive one, and I am most grateful, though the circumstances were unfortunate, for the opportunity of availing myself of the services of such an effective medical entity.

Most sincerely,

ALEX S. FLEET,
Associate Professor

State Approves Sale Of Water Company

RENO—The Nevada Public Service Commission Tuesday authorized Horizons Inc., to buy the Crystal Bay Water Co. at Lake Tahoe for \$15,000.

Kenneth H. Glantz, president of Horizons, told a public hearing held by the PSC that he intended to make improvements and to provide year-round water service to the area.

At present, water service is mostly limited to five months because the water mains are above ground and freeze in the winter.

The company serves the Crystal Bay Park Subdivision in Washoe County. Glantz said he wants also to serve the Cal-Neva Highlands Subdivision but the PSC said it would consider that application when it is submitted officially.

Elegant garnish for the fish platter might be golden broiled pineapple slices, teamed with vivid spiced crab apples.

It's twin daughters for Tom and Linda Adams of Incline Village. The identical twins were born on Saturday, October 9th but no names had been selected since the Adams weren't aware of the double births and had only one name. Weight was 4 pounds two ounces and 4 pounds ten ounces at the Carson Forest Hospital at Carson City. Their arrival made grandparents of Bill and Audrey (Welch) Adams of Kings Beach.

Jetta Steward of Kings Beach was a visitor to Las Vegas last week on business.

Bob and Helen Cook of Paradise, California, were weekend guests to the home of Bethel Van Tassel and son, Pieter. The Cooks were formerly from the San Ramon Valley where Bethel was a neighbor.

Ralph Yopp of Kings Beach flew to Chicago last week for several days visit with his mother, Mrs.

Marie Schmidt and his father, John Yopp.

A farewell dinner was held at the North Shore Club for Harold and Florence Murphy before their departure to Mexico. Enjoying the evening with the Murphys were John and Jerry Rayburn, Dick and Ruth Lavery, Rocky Hume, Jimmy Hume, J. C. and Inez Jordan.

The E. C. Cooleys of Incline Beach were San Francisco visitors and on to Los Altos to visit the Cal Lindells. Returning to Incline Beach with the Cooleys was his cousin, Mrs. Frank Comfort of Edinburgh, Scotland, who is the mother of Mrs. Lindell.

Recent guest of E. C. Cooleys at Incline Beach was Meta Forni of Berkeley, who has just returned to her home in Berkeley after two months spent at the Sorbonne in Paris. Meta took the long way home by freighter and South America.

Barney and Eileen Wilen of Kings Beach visited his mother, Mrs. Eudora Wilen, at Santa Rosa last weekend. Mrs. Wilen is recuperating nicely following a heart at-

tack last spring. The Wilens also visited his nieces, Eloyse and Dorothy Bailey, who were seriously injured in a car accident several weeks ago at Crystal Bay. Eloyse is now in school at Santa Rosa College. However, Dorothy, who was more seriously injured, is still recuperating at home.

How nice to chat with Barney and Eileen Wilen of Kings Beach in Reno Friday night. After completing their shopping, the Wilens enjoyed dinner.

Robert and Mae Critchley of Tahoe Vista spent several days in San Francisco and Woodland last week.

Louise Vernier of Kings Beach is visiting her daughter in Walnut Creek. Husband, Don, plans to join the family for his vacation.

Helen Howe of Tahoe Vista has returned from a shopping trip to San Francisco where Christmas stock was purchased for her gift shop.

Mike and Naomi Howe of Kings Beach have returned from their vacation which took them to Carmel, Santa Clara and to Yosemite Valley.

Fred and Alysmae Schultz of

Crystal Shores were Berkeley visitors last week where Alysmae attended the state quarterly meeting of the Emblem Club. Pat Vanni, president, Macie Hinke, vice president; Sybil Anderson and Florence Brown were among others from the area attending the function. Former resident of Kings Beach, Theresa Sutton, now of Walnut Creek also attended the meeting.

On Saturday night the group dined at Villa Peluso in Oakland and were joined by Tom Sutton and Fred Schultz. Theresa's brother, Bill Peluso, is owner of Villa Peluso.

Bill Peluso will be honored at a \$25 a plate banquet as City of Hope's Alameda County Man of

the Year at the New Dolphin in San Leandro on December 8th. Bill is a brother of Jerry Rayburn of Incline Beach and Theresa Sutton of Walnut Creek.

The women's Society of Christian Service met in the Fireside Room at the Kings Beach Methodist Community Church for a luncheon meeting Wednesday. Laura Wilson presented a program on the space age. Virginia Murphy, president, conducted the business meeting which discussed the bazaar which was scheduled to be held November 12, 13 and 14th at the church, with Sue Dwyer chairman.

The next meeting will be on

Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this 1966 Riviera Gran Sport.

You know how well your car's engine runs after a tuneup? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Everything blends with everything else. Styling. Performance. Ride. Handling. All tuned to work together in harmony. That's what the tuned car is. A Buick. Only Buick is the tuned car. (And every Buick is the tuned car.) What the tuned car is is a masterful blending of all the things that make a great car greater. The Riviera for 1966 is the tuned car. It features six-passenger seating, disappearing headlights, a silently efficient new ventila-

ting system and the kind of roadworthiness you'd expect in a car that costs twice as much. (You can get a Riviera for your desk as well as your garage. Send \$1 in check or money order to Riviera, P.O. Box 68, Troy, Mich., for an accurate 1/25 scale model '66 Riviera.) But Riviera's not the only tuned car. LeSabre is, too. And Wildcat. Electra 225. Special. Skylark. Sportwagon. See them all at your Buick dealer's. The tuned car may not mean much to you now. But then you haven't had a chance to drive one yet.

Wouldn't you really rather have a Buick?

There's an authorized Buick dealer near you. See his Double-Checked used cars, too.

Janna Shaumann and Meredee Baker.

Outstanding penmanship papers were done by Henry Barwin, Vanessa Stafford, Linda Kael and Connie Christopherson.

Fifth Grade—Mrs. Diurni: Good class meeting last Friday. A committee of boys presented the pro-

gram on "Air Science" and Blair Beck gave a really great report about planes used in W. W. I and II. Bill Anderson, chairman of the committee, showed a balsa flying model of a trainer and Bill Richardson reported on recent events in air science.

Topping the class in social studies last week were Diana Buffo, Sharon Fitzsimmons, Becky Horton, Sandy Keechler, Marcine Paterson, Bill Richardson and Ricky Schumann. They all got "A" in their final map test. Becky, Sandy, Marcine and Ricky also turned in "A" map notebooks.

Sixth Grade—Mrs. Brower: Boys of our class trying out for the school track team are: John Attardi, David Burkhardt, Robbie Mark Greg Jones, Steve Cotten, Mike Bechdolt, Sandy Morse, Scott Jorgensen. Girls are: Rena Francovich, Judy Price, Nancy Newell, Karen Mullen and Maryann Barulich.

The track meet will be held on October 15th at 11 a. m. at Kings Beach School. Students from all schools in the district will participate. Each school in the district will participate. Each school will be allowed five entries per event and one team per relay.

One hundred per cent in spelling was earned by John Attardi, Jeff Ballenger, Maryann Barulich, Robert Barwin, Colleen Buffo, David Burkhardt, Sharon Dambach, Debbie Everson, Rena Francovich, Nancy Newell, Judy Price, Ricky Prouty and Steven Stiles.

Seventh Grade—Mr. Brower: Recently Vaughn LaTour gave us a very interesting lecture about his aquarium. Both he and Steve Evans have recently brought tropical fish for us to observe. Steve had disastrous luck, careful as he was, because four out of five of the fish died.

New authorities on the location of the countries in Africa are Lenell Topol, Peg Tilton, Cindy Streep, Sharon Rogers, Bill Moyer, Vaughn LaTour, Don Haynes, Margie Balling, Gail Cotton, Paul Corona, Steve Evans and Kevin Kehoe. Just ask them.

The track meet will be the first of a proposed annual event. The meet is scheduled for Friday the 15th of October at Kings Beach School at 11 o'clock. The meet is open to all fifth, sixth, seventh and eighth graders in track and field events.

Student Body News—Mr. Steinhauer:

The track team owes a rich deserved vote of thanks to Mike Bechdolt, commissioner of boys' athletics and Eddie Connors for their work on the track field. Also receiving praise should be Mr. Barben and a number of eighth grade boys for laying out the field and track dimensions and chalk lines.

The newly elected officers for this month in our room are: Steve Frisbee, president; Karrie Stueven, vice president; host, Danny Horton; hostess, Leslie Cordone; team captains, Fred Wertz and Judy Janowsky.

In an oral spelling bee, girls against boys, the girls won but Mark Mercer and Chuck Marr were still standing and haven't admitted defeat.

Fifth Grade—Mrs. Kelly: Social notebooks were our big projects last week. Some fine work was turned in by Patti Tilton, Ruth Street, Karen Read, Billie Menges,

Keep covered and cool, protected from exposure to sun and wind. Don't try to hold un-iced fish more than a few hours unless heavily salted for temporary storage in a cool spot.

Lynn Cordone, Dee Ann Cline and Richie Baker. On the test covering our map unit A's were earned by Dee Ann Cline, Lynn Cordone, Susan Gehlert, John Lundgren, Billie Menges, Karen Read, Donna Silva and Patti Tilton.

Watusi Whing Ding Now In Final Week

CRYSTAL BAY—For entertainment that amazes and amuses, there is nothing like girls . . . girls . . . girls. And for girls galore . . . in fact, twenty of them, there is nothing like the Watusi Whing Ding show now in its final week on the Topaz Room stage at the Nevada Lodge, largest resort hotel casino at the North End of Lake Tahoe.

The exciting show features twenty magnificent showgirls, striking stage setting and stunning costumes . . . a combination that has drawn raves from reviewers and audiences alike. The luscious lovelies in the Watusi Whing Ding gyrate in the Watusi, Frug, Monkey and Jerk . . . and some new dances the like of which have seldom been seen anywhere.

The creation of Bonnie Hunt, with expert choreography by Carlton Johnson, the Watusi Whing Ding revue is an entirely new and different revue that will appeal to all those who prefer their entertainment very upbeat. Another hit revue to grace the Nevada Lodge's

year 'round entertainment policy; Watusi Whing Ding takes stage center twice nightly except Monday and three times on Friday and Saturday.

Sharing the Topaz Room stage is the delightful Mickey Turner show featuring lovely Renee Armand, pert 5'3" vivacious songstress. The two young but experienced showmen combine their voices to cover a repertoire of top tunes of yesterday and today. Their songs are arranged by Mickey Turner, who not only sings but plays the accordion. Backed by piano, drums and bass, the Mickey Turner Show is delightfully different and is sure to please discriminating audiences everywhere.

The Watusi Whing Ding revue will close on October 16.

MORTUARY PLANNED FOR TAHOE DISTRICT

AUBURN—The board of supervisors last week amended the Placer County Code to allow construction and operation of a funeral parlor in Tahoe City.

Acting on a recommendation by Zoning Administrator Richard Heikka, the supervisors changed the code to permit mortuaries in multiple residential and commercial areas.

The board also held that each

funeral home must be located on a parcel of at least 15,000 square feet in order to allow for parking, processions and the like.

Heikka said the Truckee Colonial Mortuary, operated by William Rappier, is considering setting up a branch operation in Tahoe City.

Only a general schedule can be given for cooking fish. Timing depends on the shape, size and variety of the fish or cut, the temperature used, even the type of pan or dish.

In California,
after golf
beer's the one...
for good taste,
good fun

After a hard-played 18 holes, it's good to settle down on a soft chair in the club house and add up the score with friends. What better time for the drink that scores with almost every golfer—cool, thirst-quenching beer? Yes, beer's great to relax with, great for refreshment, great for taste. So whatever your sport—boating or baseball—swimming or tennis—relax afterwards with the zestful taste of beer.

DONNER DOINGS . . .

By Vi White

Wish more people could be up here to enjoy our best weather of the year—how beautiful it's been!

Fishing is still good, a 3 pound mackinaw was caught the other day and good size rainbow are hungry.

One poor 11 inch was caught by Abbie Borne of Sierra City Monday that had seven cigarette filter tips in his over stuffed stomach. He couldn't digest them, so was still hungry enough to be hooked on a salmon egg. Wonder who emptied an ash tray out into the lake?

The California Winter Fair at the Cow Palace was a huge success last weekend.

Local ski resorts had colorful booths and many showed movies of snowy slopes to put everyone in the mood for skiing.

Ken and Lelani Ross of Donner Lake were helping to promote Boreal Ridge, the new ski area off the freeway on Donner Summit. Ken will be a ski instructor there and made some beautiful pre-season turns down the indoor slope at the fair.

Boreal Ridge is only 4 1/2 miles from Donner Lake and will have a lodge for warming up and a food area at the base of the chairlift, plus three T-Bars by this winter. It should be a terrific place for families.

John Jay will be presenting his new ski movie "Silver Skis" this week. October 13 at the Sacramento High School and October 16 at the Berkeley Community Theatre sponsored by the Oakland Ski Club.

Road engineers will be in the west and south area of Donner Lake to make survey markers for photos taken from the air, for the Road Assessment District work to be done there.

They will be working as long as weather permits and will be only making marks that can be seen from the air.

Have you noticed the sail planes that have been flying over Donner Lake? They are so quiet you just have to look up once in a while to see them. Must be fun just soaring around up there.

BIDS ARE OFFERED FOR POWER PROJECT

Successful bidders for \$10 million in Sierra Pacific Power Company first mortgage bonds Wednesday were Francis I. du Pont and Company—A. C. Allyn Inc. and Associates. The bid opening was held in New York City with seven separate bids made.

The bonds represent long term financing for recently completed steam generating facilities at the Frank A. Tracy Station, 17 miles east or Reno, and other utility construction projects keyed to the growth of western Nevada.

The successful bidders offered \$1,002,366 for \$1,000 five per cent coupon bonds.

NURSERY CHILDREN AT FOREST SERVICE

In observance of Fire Prevention Week, the Truckee Parent Cooperative Nursery School toured the facilities of the United States Forest Service at Truckee.

In order to make this field trip more meaningful, the youngsters were first shown a Nevada County film strip entitled "Susan and the Forest Fire".

Don Rickert explained the use of fire fighting equipment and while the children listened in, he illustrated the use of the pumper truck's radio by talking to Fred Scott, who is the lookout atop Mar-tis peak.

Emery McCarroll showed the children the helicopter which is stationed at the forest service site. In addition, he taught the children the proper way to build and extinguish a campfire.

On October 19th, the nursery school children will go to the saw-mill for a further look at their community.

We welcome two new members to the nursery school, Corkey and Chris Hendrickson.

plan of all of those mentioned for handling the sewage of the entire north end.

The Chamber of Commerce feels that the best approach to take is to make an all-out effort to secure federal funds in the name of Placer County to assist in the sewage exportation program.

The chamber feels, Domergue said, that Placer County can step into the picture to secure funds from the federal government and they will offer any and all support towards this end. The board of directors indicated a good solution would be to send Supervisor William Briner to Washington, D. C., in the name of Placer County. Board member Tom Jones pointed out that the South Shore recently passed a \$1.4 million revenue bond to increase the capacity of its treatment plant and has also obtained \$1.8 million loan from the state to solve the exportation problem into Hope Valley.

Board member Al Cordone, biologist with the state department of fish and game, said that recent tests show evidence of eutrophication already taking place and cautioned that it only requires small amounts of nutrients to support the growth of algae. Domergue and Briner were recently appointed to serve on the executive board of the Lake Tahoe Area Council as the representatives from the North Lake Tahoe area.
